

Dear Helpers of God's Precious Infants,

The fruits of abortion are dead babies with mothers suffering in silence and sorrow yet many organisations promote and perform abortions. The leader in this is International Planned Parenthood Federation (IPPF), their HQ is in Southwark in the City of London.

Pro-abortion advocates sincerely believe they are doing good and vital work when they promote and perform the killing of innocent unborn children. 2,000 years ago there were people who believed in God and that it was vital to kill the innocent Jesus Christ. Yet Our Lord did not judge them but prayed "Father forgive them for they don't know what they do". Mother Mary and the Apostle John stood beneath the cross knowing the innocence of Jesus yet they did not protest or discuss or judge anyone. They prayed for the conversion of hearts, suffering and weeping with compassion yet peacefully and with love for everyone at Golgotha. And what happened? Many conversions! Like the good thief and the centurion that led the crucifixion. We must not forget that those going in and out of IPPF HQ (Golgotha) are God's beloved children created in His image. Jesus died and rose again for them too. We have no right to judge them for we are all called to bring God's merciful love to them and to the streets of London. This initiative started significantly at 12:00 noon on the 12th December 2012, the feast of Our Lady of Guadalupe, Mother of Life for Europe with the mission to peacefully pray every month on or around the 12th for those who are touched by abortion.

International Helpers Operation: Prayer for Europe

We are the Juan Diego figure
carrying Our Lady who embraces,
with her love, all the roses that are
harmed by abortion.

What is a Vigil?

It is part of monastic liturgy of the hours prayed through the night. In 1989 Bishop Daily & Msgr. Reilly encouraged believers to enter into the night spiritually by praying and singing peacefully in the darkest place in the city where the 'Culture of Death' hides.

Procession starts after mass

What is the iHope Vigil?

It starts with Holy Mass after which some persons will stay with the Blessed Sacrament. The Rosary procession leaves with the icon of Our Lady of Guadalupe, the Helpers Patroness, for the abortion establishment in deep prayer and out of sincere love for the workers in the abortion industry.

The Rescue Mission

The iHope Rescue Mission is in pursuit of those that are harmed by abortion to show them the Divine Mercy of Our Lord and Saviour. We offer them the love Jesus has shown us so that they may be reconciled and be at peace with God and themselves.

"Any country that accepts abortion is not teaching its people to love but to use violence to get what they want." Mother Teresa

With permission of Archbishop of Mexico City, His Eminence Norberto Cardinal Rivera Carrera, we invoke the "Mother of Life for Europe". Msgr. Reilly (Helpers of God's Precious Infants founder) had been fighting for more than 2 decades for the unborn with little success. Totally discouraged he said "We have tried everything yet the killing increases". At his lowest point he heard God's voice in the depth of his heart "Prayer comes FIRST, all other actions flow from it". Responding to God's call Helfer Deutschland (Helpers Germany) was born in 1999 by Wolfgang Hering with his mission being blessed and sent by Bishop Daily & Msgr. Reilly. Together with Joe Clovis / London came International Helpers Operation; Prayer for Europe (IHope London). The initiative and founders were blessed by Archbishop Peter Smith of Southwark.

Emergency Service

If a building is on fire someone calls the fire brigade and ambulance services, who rush to the scene and immediately start rescuing people. The fire brigade start to quench the fire.

"Together we can do great things."
Mother Teresa

Today's fire is abortion and organisations like HGPI and GCN offer help to mothers enflamed with the notion that killing their unborn baby is the right solution. They save lives and future families but who is putting out the fire? Wolfgang & Joe saw the continuum to destroy the image and likeness of God. IHope was formed to quench the fire through prayer and fasting at the HQ of the greatest destroyer of innocent life. International Planned Parenthood Federation has tentacles all over the world strangling the love that a mother has for her child, with the idea that her child is a parasite, a burden causing poverty and is killing the planet and is only menstrual waste. This idea has permeated throughout all societies. As part of the *spiritual emergency service* you're needed, your prayers, fasting and alms giving is wanted and your love for the unborn ought to be visible as we beg Jesus Christ to have mercy on all their assailants and enlighten them to the truth.

A Child is for life not just conception!
